

## Unholy Praises

### Acheron

Oh lord of darkness we entreat you  
Accept the sacrifice on this unholy night  
By your mark you make us prosper

Under thy protection all is done

In unholy fellowship we praise and honor thee  
Lucifer, beelzebub, belial,  
Leviathan, asmodeus, and abbadon

We call upon the mighty names  
Of asgaroth, nergal and behemoth  
And the nameless forms of hell  
Strengthen us in mind, body and will
