

## Balbinator Edzy

### Acid Drinkers

Butterfly precedes a broad and she's big carrier of death  
I'm selling small - time s... So I can buy some bread  
Horse is eating horse, rain beats against my butt  
A spy is in the window, street cars suck  
Pat on me my lonely back, pinch my pink baby - ass  
Wake me with a 3-ton clock  
I can't believe he's really here now  
The bastard grinds, sucks so sweetly,  
How high he flies, he sucked out my spine  
Balbinattor Edzy  
An ugly old - fart's begging  
I'm ashamed to give him change  
Booze puts my lights out, with my boot I wake a snake,  
The witch has a pink pussy, a black stone is healing me  
The cab drivers feels the heat, at eleven we will meet.  
Pat on me my lonely back, pinch my pink baby - ass  
Wake me with a 3-ton clock  
I can't believe he's really here now  
This bastard grinds, sucks so sweetly,  
How high he flies, he sucked out my spine  
Balbinattor Edzy  
Brain's oming apart at the seams  
This cheap slut won't leave me be  
a white rubber, maybe pink?  
Batman! Howya doin' brother  
I can't stand smoking grass  
Balbinattor's on the loose, rain beats against my ass!!  
Bastard grinds, sucks so sweetly,  
How high he flies, he sucked out my spine
