

Don't Go To Where I Sleep

Acid Drinkers

Don't go to where I sleep
It's a place not very nice
Don't listen as I mumble in my dreams
You won't hear anything nice

Everybody needs some time to rest
Let me have some rest
Everybody needs some time to rest
Let me have some rest

Respect those few hours
When I don't need to shake
And don't disturb me when I fall
I am a monster when I awake

Everybody needs some time to rest
Let me have some rest
Everybody needs some time to rest
Let me have some rest

Don't go to where I sleep!
Don't go to where I sleep!
Don't go to where I sleep!
Don't go to where I sleep!
Don't go to where I sleep!
Don't go to where I sleep!
Don't go to where I sleep!
Don't go to where I sleep!

Everybody needs some time to rest
Let me have some rest
Everybody needs some time to rest
Let me have some rest

Everybody needs some time to rest
Everybody needs some time to rest
