

# The Ark

## Acid Drinkers

I've been drinking indifferently  
I've been fucking indifferently  
I was drunk like a death on the average  
And as usually I escaped the scythe  
I've been  
Down indifferently  
And like an average nitwit  
I've been  
Dreaming about comeback

Beat the drum, you morons!!!  
We carry the villainy  
Like they carry the Ark...  
But our procession is dark

I am closed between rubber walls  
In the crowd of rubber freaks  
They have pumped a superbalm  
In my delicate pipes

And the crowd of the freaks is rockin'  
They have short and very weak tails  
Freaks are ashamed of Comodo Snakes  
They will jump through the bars of the cage

Beat the drum, you morons!!!  
We carry the villainy  
Like they carry the Ark...  
But our procession is dark

Beat the drum, you morons!!!  
We carry the villainy  
Like they carry the Ark...  
But our procession is dark
