

## Youth

## Acid Drinkers

Today's youth don't want a Volvo  
They don't want a Jaguar  
They don't want semi-dry wine  
Mercedes is what they want!  
Today's youth don't want a roll-on  
They don't want model planes  
They don't want curried beef and rice  
Just Adidas is what they want!  
Today's youth don't want Erica Young  
They don't want T.S. Elliott  
They want hard bodied idols  
And just a bit more cash  
Today's youth don't want Kmicic  
They don't want race bikes  
Every stupid dick is a super agent Bond  
Cheap gas (you know) is what they want  
But I don't want it!  
But I don't need it!  
I like to be who I am!  
Today's youth don't wanna dive deep  
They want the second hand emotion  
They want the cheap drugs trip  
And the long kiss in slow motion  
Today's youth like XXL partys  
But they have no money  
The second class heroes, absolute zeroes  
If something's wrong, they need mummy...  
But I don't want it!  
But I don't need it!  
I like to be who I am!
