

The Camera

Acid House Kings

The camera lets it show
You have stayed long
Nothing slips you by
As you watch them
Counting down to zero

You gotta let it go
'Cause people see you grow old
When beauty turns to pain
And they're laughing
It's not your game

This is where it stops
This is the end
Once a rising star

Now decent
Going back to nothing

You gotta let it go
'Cause people see you grow old
When beauty turns to pain
And they're laughing
It's not your game

You gotta let it go
'Cause people see you grow old
When beauty turns to pain
And they're laughing
It's not your game
