

## Snowy Road To Hazard

Across Five Aprils

The road is getting longer  
And I'm sure these miles are unforgettable  
I've learned a lot about who you are and who you're not  
It's sickening

Late nights and rocks on the rooftops  
We've come so far from that  
Did you ever think this game would catch you  
You're no different than the rest of them

We're not your ride we're not your boys  
So save your stories our ears are closed

It's not your face I hate but what's going on behind it

Sure you had us fooled for such a long time  
But our eyes see different now
