

The Choreographer

Action Bronson

Are you ready
Are you ready
Are you ready
Get em

I'm the man right now
I got the plan right now
Fuck that
I got the world in my hand right now
I should be where its sunny getting my tan right now
But I'ma show you how to move
I'ma show you how to dance
I got the pistol in my pants
I got the pistol in my pants
I'ma show you how to dance

The full moon make me loco
Like I sniffed a whole baseline of coco
And I took the speedboat for a joy ride
At one point I was flying baby, no lie
What did I do for a life like this
Ass so fat on my wife like shit
And your boy got a stomach like Buddha
Chandelier hanging from the ceiling of the cougar (ah)
50K in a swimtrunk in a brown paper bag like a kids lunch
Thug passion in a slippy cup
A 100 dollars worth of haze in a blunt, bitch

I'm the man right now
I got the plan right now
Fuck that
I got the world in my hand right now
I should be where its sunny getting tan right now
But I'ma show you how to move
I'ma show you how to dance
I got the pistol in my pants
I got the pistol in my pants
I'ma show you how to dance

Uh, one time for the big girls
Two time for the big girls
Uh, you know that I need that
Ah, you can find me here the weed at
Uh, one time for the big girls
Two time for the big girls
Uh, you know that I need that
Ah, you can find me here the weed at

Somebody sleeping in my bed

All I do is bump Dru Hill
Damn I should have took the blue pill, it's to real
I sign for 22 Mill
Option for the third
You ain't poppin in the crave
We haven't seen you in the streets
See me I'm always in town

You hear me

I'm the man right now

I got the plan right now

Fuck that

I got the world in my hand right now

I should be where its sunny getting my tan right now

But I'ma show you how to move

I'ma show you how to dance

I got the pistol in my pants

I got the pistol in my pants

I'ma show you how to dance
