

Funny Thing Is

Acumen Nation

Got a reptile heart? keep it warm
Got a message? keep it chill
Got a thing for her? masturbate
Got a human heart? kick it aside

So listen to me,
Its not that i think your ocean is shallow water
I just don't believe you can swim out far enough for me
So I'll thank you for your three-
ring sadness reminder but somehow
Inside you i am the death of love

There is a warm place everyone can go
Everyone but me
