

## Crypt Of Fear

Ad Hominem

Flames are crawling up on my face  
I'm running after my shade  
Out of sunlight and into darkness  
Into my crypt of fear

Into my crypt of fear  
Out of sunlight  
Into darkness  
I'm chased by my own fear

The unholy master is watching me  
Is it him the Devil, that are torturing me  
Close my coffin and let me be

Into my crypt of fear  
Out of darkness  
Into the twilight  
I feel like a demon in the night

Flames are crawling like pets on me  
The shades aren't here to see  
With my master the Devil my friend  
My soul will slave for eternity
