Execute Them All

```
As my final call
Sounds the charge
...to war
I hate the universe and everything inside
I detest all I see, nothing pleases my mind
Execute them all
It's my final war
I hate the sight of you, fashion fake
Joke
I detest every man who cannot stand
Alone
Execute them all
It's my final war
As my final call
Sounds the charge
...to war
I hate the tales you tell, I don't
Believe a word
I detest the stuf you sell, I'll hunt
You around the world
Execute them all
It's my final war
When my days are numbered you'll hear
My final call
I'll take their lives away, I'll execute
Them all
Execute them all
It's my final war
Execute them all
It's my final war
```
