

## The Psalmody Of Sub-Humans

Ad Hominem

Execution is the matrix of epuration  
Kneeled and blindfolded  
Your life of primate is drawing to an end  
Think of everything you've seen during one second  
The last thing that'll come into your head is a bullet

This psalmody is yours

Allah's forsaking you  
Your ignorance is all that you own now  
Do you realize?  
You'll never soil my land again  
I killed you with my proper hands

This psalmody is yours
