

Theory 0

Ad Hominem

Spectres fathering listless wimps
Holding the rusty keys of future
Withdrawn into their faith
Sullied is their honour

Undividuals feeding the smug mongrel kind
I shall not share this pride
Contemptible decline
Exuding death from every pore

Theory 0 is now effective, banner of non-
future, organ of the implacable truth...
May they remain blind

Compassion : undone
Tolerance : undone
Love : undone
Hope : dead

Where their end starts, my will rises
Despising the proud bastard race
Comatose patient of an impalpable decay
