## Adam and the Ants

Just stay out of my face And get out of this place Stop pulling my string If you want a nice face Boy

None so dull as spoken word Things like "girls be seen not heard" And when she fights you back Don't call her Amazon

Be very quiet,
Nothing to say
Talk like a nice boy
And you'll be O.K.
You dig

A slice of heaven is what you are Said Mary Joe in her little car A slice of heaven is what you are Now sensual big ladies are

Stranger in town
Plenty of cash
But you're in the wrong place friend
If you want to be flash
Dig it

The sweetest girl I ever knew
Was six feet four with eyes of blue
She's so wonderful
Don't call her Amazon

A slice of heaven is what you are Said Mary Joe in her sports car Such a darling child Don't call her Amazon A-M-A-Z-O-N
