

## Navel to Neck

Adam and the Ants

Give me your hand here is mine  
Better in the open  
It's showtime let's call the tune

He's her baby boy  
Navel to neck  
Give me your mouth  
I want to kiss you

Something deep inside me waits  
You're giving up your daughters  
But perfection is so dull

He's her baby boy  
Navel to neck  
Give me your mouth  
I want to kiss you

That's the way the honey goes  
Sweeter than a toy  
From his tippy to his toes  
He's he baby boy

Every inch of you I prize  
Your body is a vision  
And all the while look in your eyes
