

## No Zap

### Adam and the Ants

You can hang me by the neck  
Till I'm dead, dead, dead  
Kiss my mouth until it's red, red, red  
Now is the time honey, this is the place  
The good and the bad guy face to face  
Blood pressure up, sunlight down  
Toughen up, toughen up, play tough.  
Johnny can't program, sure enough  
Put a leather in your cap, play tough  
Sugar-boom, sugar-boom, that's the stuff  
Comb your hair play tough  
No zap.

You can hang me by the neck  
Till I'm dead, dead, dead  
Kiss my mouth until it's red, red, red  
Don't play, don't sing, I don't hike  
But me no buts buddy, riding my bike  
Surf coming up Geronimo Joe  
Toughen up, toughen up, let's go.  
You can hang me by the neck  
Till I'm dead, dead, dead  
Kiss my mouth until it's red, red, red  
Don't be a dunco, forget charts  
Out of the wallet, into your hearts  
Where it counts, in large amounts  
Toughen up, toughen up, let's pounce.
