

What do you wear in bed?  
Some headphones on my head  
What do you like to hold?  
My breath, she said.  
(He's a playboy)

Hi there, haven't I seen you somewhere before?  
Was it in my dreams, I'm not too sure  
The way you look seems so unfair  
All that beauty, golden hair.  
You dance like someone heaven blessed  
All wrapped up in gorgeous dress  
I just want you to catch me when I fall

Has anyone ever told you you've got the most  
Beautiful eyes?  
I really do mean it.  
D'you like fast cars?

She like Johnny, she likes Joe  
But they both ignore her so

Mister Playboy sing your song  
And the horse you rode in on
