

Young Parisians

Adam and the Ants

Young Parisians are so French
They love Patty Smith
Young Parisians are so French
At the Champs Elysee

I want to go to Paris with you
Just to see what the French boys do
Why don't you come to Paris with me?
And see the Young Parisians

Young Parisians are so French
They sit on the metro
Young Parisians are so French
Not like me and you

Young Parisians are so French
They're always called Du Bois
Young Parisians are so French
Talk nothing but French
