

Baby Take A Bow

Adam Faith

When little girls were made, they discovered you
And gave you eyes of blue
Baby, take a bow
They made you just for me
And I know for sure
You came through heaven's door
Baby, take a bow

Turned up nose and smile that spreads around you
Goodness knows, I'm mighty glad I found you
My little ray of sunshine

Ten thousand angels sing as I'm kissing you
They must be missing you
So baby, take a bow

Turned up nose and smile that spreads around you
Goodness knows, I'm mighty glad I found you
My little ray of sunshine

Ten thousand angels sing as I'm kissing you
They must be missing you
So baby, take a bow

So baby, take a bow
So baby, take a bow
Come on baby
