

# No Regrets

Gontier, Adam

I remember the time when we were flying high  
And nothing could bring us down

With the wind in our hair, no we didn't care about  
Falling to the ground

Those summer nights would call our names  
And we'd sneak on out the door

We'd lie in the grass under the over pass  
Who could have asked for more

Looking back, we made those moments last  
But our lives, how they go by so fast  
Somethings I remember  
And somethings I forget  
But one thing I want you to know  
Is that our love will never end  
I've got no regrets,  
No regrets

We walked the path of our lives  
And somethings are gone

Through the wind and the rain  
And the fog and the haze  
We're reminded where we come from

So we can let go  
And go past in the sun

But hold onto those dreams  
This goes for everyone

Looking back, we made those moments last  
But our lives, how they go by so fast  
Somethings I remember  
And somethings I forget  
But one thing I want you to know  
Is that our love will never end  
I've got no regrets,  
No regrets

Looking back, we made those moments last  
But our lives, how they go by so fast  
Somethings I remember  
And somethings I forget  
But one thing I want you to know  
Is that our love will never end  
I've got no regrets,  
No regrets
