

# Take Me With You

Gontier, Adam

If I could just try to reach out from the dark  
To put my dizzy head beside my heart  
And if I could just lie in silence here for a while  
I'd picture all the times you made me smile...

I want you to know...

That if you go, you'll take a piece of me  
The world I know would be brought down to its knees  
And a pain inside would be too much for me to bear  
So if you have to leave,  
Promise that you take me with you there

If we could just stop time from going so fast  
We take the moments in and we make them last  
And if we could just try to look back at our lives  
Back when we were young and we felt so alive

I want you to know...

That if you go, you'll take a piece of me

The world I know would be brought down to its knees  
And a pain inside would be too much for me to bear  
So if you have to leave,  
Promise that you take me...

I'll do my best to move on  
Try my hardest to be strong  
But I know you're always beside me  
And every lonely road I walk on  
Will hear me singing this song  
'Cause it reminds me of you

If I could pretend  
Pretend it's a dream  
It's not as bad as it seems

If you go, you'll take a piece of me  
The world I know would be brought down to its knees  
And a pain inside would be too much for me to bear  
So if you have to leave,  
Promise that you take me  
And if you have to leave,  
Promise that you take me with you there
