

# Dance With Me

Adam Green

Heart and soul Baby  
There's no goal  
Turn the lights on bright  
You're a rock and roll star

Feel my love  
Coming from the heavens above  
When my eyes meet your eyes  
You know it's true

Baby come dance with me  
Baby come dance with me-ee  
On tv at the tv station

Baby come dance with me  
Baby come dance with me-ee  
On tv at the tv station

You are lost  
and I'm at home  
And nobody wants to be here alone

Ooo baby's in mint condition  
Man I'm doin' some dirty wishin'  
Let's both get on that rocket to the stars

Baby come dance with me  
Baby come dance with me-ee  
On tv at the tv station

Baby come dance with me  
Baby come dance with me-ee  
On tv at the tv station ...
