

# Homelife

Adam Green

Homelife is so innerving  
I'd like to be lost in a crowd  
My homelife is disconcerting  
I've got to keep my money down  
Homelife x2  
Anyways they'll soon be little kids  
Just like my old life  
My homelife  
As desolate as any love could give

She takes me home x2  
I wish I was dead when I came to  
I walk alone  
I am not known  
Another one sighs  
When I make ties  
Ties ties ties

She takes me home x4  
I wish I was dead when I came to  
I walk alone  
I am not known  
Antoher one sighs when i make ties  
Ties ties ties
