

# High On You

Adam Gregory

Mhmhm oh yeah  
I don't need no mornin' coffee baby  
To make my eyes open up  
The buzz that I've been wakin' with lately  
Cant be poured in a coffee cup

Never had a need so strong  
Or one to last this long

Baby, I must be addicted  
Heaven knows I cant get enough  
Its crazy, I could be convicted,  
They could take a key and lock me up  
That's probably what they'd do, girl I'm so high on you

Oh yes I am

I'd love to drive over and see ya baby,  
But I'm afraid to get behind the wheel  
Just the thought of your kiss makes me dizzy,  
It's not safe how you make me feel

Never had a need so strong  
Or one to last this long

Baby, I must be addicted  
Heaven knows I cant get enough  
Its crazy, I could be convicted,  
They could take a key and lock me up  
That's probably what they'd do, girl I'm so high on you

It's true I'm not myself,  
Look what you've done to me..

Baby, I must be addicted  
Heaven knows I cant get enough  
Its crazy, I  
could be convicted,  
They could take a key and lock me up  
That's probably what they'd do, girl I'm so high on you  
That's probably what they'd do, I'm so High on you.... yeah

Oh... I'm so high on you.. oh yes I am.. I'm so high on you.. m  
hnmhm..
