

Postcards And Payphones

Adam Hood

Don't know much more
The North Mississippi heading West
3 more days I turn around
Then I'll be Alabama bound

I 65 Exit 53
Go all us staring at the driver's seat
Well I made it all the way to Tennessee
But now you know better to wait for me
No postcards or pay telephones can help me get through the night
t
Something as simple as calling at home
Never sees to work out right

My heart is cold
What I do?
Is missing you

This poor coffee from the hotel
A thousand songs sayin' what s in my head
That don't mean it ain't true
When it comes down
No postcards or pay telephones can help me get through the night
t
Something as simple as calling at home
Never sees to work out right

My heart is cold
What I do?
Is missing you

You spend your married life living with a ghost
I spend every night missing little things most
No postcards or pay telephones can help me get through the night
t
Something as simple as calling at home
Never sees to work out right

My heart is cold
What I do?
Is missing you
