

# Cuckoo

Adam Lambert

Feels like I'm having a meltdown  
It feels like I'm losing control  
They tell me I'm a danger to myself  
Now the crazy train is ready to roll, oh!

Walk that walk  
Like you don't give a fuck  
You got a right to turn it up and get down  
Electric shock, no I can't get enough  
Cause tonight we're takin' over the town, hey

I wanna lose my mind, like a maniac  
And cross the line, never looking back  
We're on the loose, getting crazy  
And we've gone cuckoo  
Gonna party til they take us away

I'm swinging off of my hinges  
I'm cocked and I'm ready to go  
Go on and pack up your things  
The crazy train is ready to roll, oh!

Walk that walk  
Like you don't give a fuck  
You've a got a right to turn it up and get down  
Electric shock, no I can't get enough  
Cause tonight we're taking over the town, hey

I wanna lose my mind, like a maniac  
And cross the line, never looking back  
We're on the loose, getting crazy  
And we've gone cuckoo  
Gonna party till they take us away

Gotta get out of this straight jacket, whoa cuckoo  
Gotta get out of this straight jacket, whoa  
Yeah!

I wanna lose my mind, like a maniac  
And cross the line, never looking back  
We're on the loose, getting crazy  
And we've gone cuckoo  
Gonna party til they take us away  
Gonna party til they take us away  
Gonna party til they take us away
