## That's It, I Quit, I'm Moving On

When we used To say goodnight I'd always kiss And hold you tight But lately You don't seem To care You close the door And leave me Standing there Oh, honey That's not fair That's it I quit I'm movin' on The other night We had a date An you showed up To hours late And though your hair Was all in place Somebody smeared Their lipstick On your face Oh, they smeared it Every place Ye that's it honey I quit I'm movin' on Ohh You made me want you You made me leave you You made me tumble And fall But if I Can't have you the way I want you I don't want you at all Baby, I can take a lot Cause I love Everything you got Though your kisses Fill me So if you got Someone else I gotta go Oh, that you know

```
Ye that's it honey
I quit I'm movin' on
Ohh
You made me want you
You made me leave you
You made me tumble
And fall, but if I
Can't have you the way
I want you
I don't want you at all
Baby
I can take a lot
Cause I love
Everything you got
Though your kisses
Fill me
So if you got
Someone else
I gotta go
Oh, that you know
So that's it baby
I quit I'm movin' on
Ye that's it baby
I quit now
I'm movin' on
