Good Enough

Adelitas Way

I know what's coming You've taken me down this road before Something's missing Too many times you've let me know

I am trying to make it the way it used to be Back when all you said that you'd need was the best of me

If I gave you the ocean You would ask for the sun But if I gave you that sunlight You would say it's not what you want And I give, and I give, and I give But I don't give up There was a time When my best was good enough

Sometimes I wish I could walk away and not think twice I can't get past the thought of you in someone else's life Can I keep you if I try? Can I make it right?

If I gave you the ocean You would ask for the sun But if I gave you that sunlight You would say it's not what you want And I give, and I give, and I give But I don't give up There was a time When my best was good enough

Can I keep you if I try? Can I make it right?

If I gave you the ocean You would ask for the sun But if I gave you that sunlight You would say it's not what you want And I give, and I give, and I give But I don't give up

There was a time When my best was good enough (3x)
