

True I wasn't there for you, Told me that I hurt you deeply,  
too young to know what to do, 16 and I have no worries  
When I saw that picture of you, I had to find the daughter I ne  
ver knew

My abscess grows, I reap what I sew, these mistakes are my own,  
they'll tell you're not alone

Locked behind those bars of you, wish there was a way I could h  
elp,  
too young to know what to do, lessons burn the point you've pro  
ven  
This love is complicated and bruised, realize what makes me mak  
es you

My abscess grows, I reap what I sew, these mistakes are my own,  
they'll tell you're not alone  
Time to take it slow all this anger letting go, my child I long  
to hold all this anger  
I know I'm not a lord, I was never a saint, gotta take what you  
got cuz I'm nothing you ain't  
If I gave you the world would you throw it away, better keep yo  
ur chin up  
You can abuse it, you can use it, you can go right back down th  
at line, living life with pain  
Never erase it, now you know

I'll be here your future's fading, understand what I'm explaini  
ng,  
I went in anticipating, I'll b here your future's fading

My abscess grows, I reap what I sew, these mistakes are my own,  
they'll tell you're not alone  
Time to take it slow all this anger letting go, my child I long  
to hold all this anger let it go

Little one can't you see I wanna let you go, don't you be like  
me
