

Rip the Heart Out of Me

Adema

I woke up this morning and knew
That the world would test me, come unglued
Is it me, or do you feel my pain?
This world makes my blood boil again

You rip the heart out of me
Rip the heart out of me
You make it look easy (easy)
You rip the heart out of me
Rip the heart out of me
Control and deceive me (deceive me)

I've tried everything to please you
Gone out of my way like a fool
What makes me break down like a bitch?
It's so hard to crawl out of this ditch

You rip the heart out of me
Rip the heart of me
You make it look easy (easy)
You rip the heart out of me
Rip the heart out of me
Control and deceive me (deceive me)

Easy
(You rip the heart out of me
Rip the heart of me)
Easy
(You rip the heart out of me
Rip the heart of me)
Easy
(You rip the heart out of me
Rip the heart out of me)
You rip the heart out of me
Rip the heart of me
