

There's so many people dying
You complain about your situation
What about me?
Half the world wouldn't know
What it's like to lose your seed
Maybe you can understand

(How I feel)
I cannot reach that soul
You're probably watching over us
Know that I think of you
It's killing me

The guilt has lasted years, still cry
It was all planned out
Why was I last to know?
Don't you trust in me?
The table's cold, it's too late
To make up for these mistakes
Maybe you can't understand

(How I feel)
I cannot reach that soul
You're probably watching over us
Know that I think of you
It's killing me
(How I feel)
If I would have known
I can't say what I would have done
If you could forgive
I'd like to rest with you someday

(How I feel)
I cannot reach that soul
You're probably watching over us
Know that I think of you
It's killing me
(How I feel)
If I would have known
I can't say what I would have done
If you could forgive
I'd like to rest with you someday
