Goodbye and good luck To all the promises you've broken Goodbye and good luck To all the rubbish that you've spoken Your life has lost it's dignity It's beauty and it's passion You're an accident waiting to happen

There you are standing at the bar And you're giving me grief about the DDR And that chip on your shoulder get bigger as you get older One of these nights you're gonna get caught It'll give you a pregnant pause for thought You're a dedicated swallower of fascism

Time up and time out For all the liberties you've taken Time up and time out For all the friends that you've forsaken If you chose to waste away Like death is back in fashion You're an accident waiting to happen

My sins are so unoriginal I have all the self loathing of a wolf in sheep's clothing In this carnival of carnivores Heaven help me
