Strawberries

Adina Howard

Uh, uh, uh baby
Yeah babe

Store is open boy, won't u come inside
Try some goodies on aile 69
Your appetite for love, is what I like
Oh, won't u let me give u some of this chocolate to night

Feel like sipping on Crystal tonight
Light the Henasee from the candle light, Run the bubble bath and let's enjoy the night, I'm that type
One little kiss from my lips will be, enough to start it off u will see baby
Bring some strawberries and Henesee, we can make love endlessly

Strawberries on top of me, candle light a little Henasee, that's the way, that's the way my love flows
Strawberries on top of me, candle light a little Henasee, that's the way, that's the way my love flows

If u can keep it real, like when my body feels good and wet, to satify your love
I'm about to let u get inside
I'll be your maryjane and u know I'll get u so high

Feel like sipping on Crystal tonight
Light the Henasee from the candle light, run the bubble bath and let's enjoy the night, I'm that type (I'm freaky)
One little kiss on my lips will be, enough to start it off u will see baby
Bring some strawberries and Henasee, we can make love endlessly

Strawberries on top of me, candle light a little Henasee, that's the way, that's the way, my love flows
Strawberries on top of me, candle light a little Henasee, that's the way. that's the way, my love flows

Got some taste to make u hook, and I'm feeling u got to have it
Taste this flavor make u feel like it's a habit, u wanna come inside from the rain
This gurl gots more game than the little head straight for the top
That's the way it's going down boo, once I get my props, I want a little bit of this, little bit of that, warm the baby oil cause the female mac is back wit

Strawberries on top of me, candle light a little Henasee, that's the way, that's the way, my love flows

I need a real good man, who ain't afraid to do it right, just take you time, even if it takes all night
I want a real good man, who ain't afraid to do it right, just take your time, even if it takes all night
