

# Nobody Knows You

Admiral Freebee

Nobody knows you  
Nobody knows you like I do  
And I know nobody else like you  
Nobody knows you like I do  
Glory glory hallelujah

I've seen the Lord  
And I've seen the Devil  
And on the twenty thousand roads  
I've been down  
I've never seen an angel town

I will beg, steal or borrow  
Of this time tomorrow  
I call you  
And I bring you  
Sorrow

Nobody knows you  
Nobody knows you like I do  
And I know nobody else like you  
Nobody knows you like I do  
Glory glory hallelujah

Nobody knows you  
Nobody knows you like I do  
And I know nobody else like you  
Nobody knows you like I do  
Glory glory hallelujah  
Glory glory hallelujah
