

Nobody Knows You

Admiral Freebee

Nobody knows you
Nobody knows you like I do
And I know nobody else like you
Nobody knows you like I do
Glory glory hallelujah

I've seen the Lord
And I've seen the Devil
And on the twenty thousand roads
I've been down
I've never seen an angel town

I will beg, steal or borrow
Of this time tomorrow
I call you
And I bring you
Sorrow

Nobody knows you
Nobody knows you like I do
And I know nobody else like you
Nobody knows you like I do
Glory glory hallelujah

Nobody knows you
Nobody knows you like I do
And I know nobody else like you
Nobody knows you like I do
Glory glory hallelujah
Glory glory hallelujah
