

## Word Attack

### Adolescents

I'm not paranoid - don't/they  
No I'm not afraid - stop/won't  
But I sometimes wonder - fight/win  
What is on your mind - back

The gun in your hand is the gun at my head  
The gun in your hand is the gun at my head  
The gun in your hand is the gun at my head  
The gun in your hand is gonna kill me dead  
We'll attack, we'll attack  
We'll attack, we'll attack  
We'll attack, we'll attack  
We'll attack, we'll attack

Got me running into walls - don't/they  
Say good things - stop/won't  
Say bad things - fight/win  
Because you're unpredictable - back

Do you want to die - no  
Do you want to die - no  
Do you want to die - no  
I don't want to die
