

# Calling All Goddesses

Adore Delano

Hot Nights, mystify, Yeah we're all about it  
Don't tell, cast a spell, ain't no way around it  
Mermaids want to play cause we're so hypnotic

One touch, they're in love, call me Aphrodite  
Too rare not to stare, they don't want to try me  
You say shes ok, but there's no one like me

Ohhhh, everything we do is magic  
Ohhhh, we make other girls look tragic

Calling all Goddesses  
Calling all Goddesses  
Calling all Goddesses  
Calling all Goddesses  
Calling...

Get loud for the crowd, flashes pop the cameras  
Taboo got Medusa to Cleopatra  
Stand up your with us, They know all about you

Sirens on a mission to make it happen  
We dont need to pose its not in our fashion  
Unleash all we need is a heart to blacken

Ohhhh, everything we do is magic  
Ohhhh, we make other girls look tragic

Calling all Goddesses  
Calling all Goddesses  
Calling all Goddesses  
Calling all Goddesses  
Calling...

We rule the world  
All eyes on us  
Get it Girl  
Calling all Goddesses  
We rule the world  
All eyes on us  
Get it girl  
Calling all Goddesses

Calling all Goddesses
