

# Dynamite

Adore Delano

We're not supposed to be meeting like this  
But when we get close I know we're gonna kiss  
Can't keep my cool when I'm dancing with fire  
Fire, fire

Keep tryna dip but I'm fixed on your face  
Thirsty for you in an animal way  
How do you do what you do to me babe  
Fire, fire

Woah  
You're lookin like dynamite, dynamite  
Woah  
You're lookin like dynamite, dynamite  
Dynamite

You got me runnin' I can't catch my breath  
Watching you move got me actin' obsessed  
What's got to happen to get you undressed  
You're fire, fire

Woah  
You're lookin like dynamite, dynamite  
Woah  
You're lookin like dynamite, dynamite  
Dynamite

It's gonna blow up in my face  
But c'mon light me up anyway  
Sparks about to fly  
I'm pushin' up tonight  
Up tonight  
You're dynamite  
You're dynamite, oh
