

# My Address Is Hollywood

Adore Delano

Bright lights, and diamonds  
There's fame in our walk  
Tonight, we're shinin', like stars on the block  
I know, the glitter, will bring us to life  
Let go, we fake it, but we fake it right

La-la-la-la-la  
I'm a city angel, but it doesn't pay well  
Baby, that's okay  
La-la-la-la-la  
Heaven wouldn't have me, cause I'm all about me  
Hell, I'm on my way

My-y-y-y, my address is Hollywood  
My address is Hollywood  
I-I-I-I wouldn't change it if I could  
My address is Hollywood

You say, we've made it  
We already know  
Too late, we got it  
We're still in the show  
Makeup, and only believe what you see  
Wake up, someone else is all you can be

La-la-la-la-la  
I'm a city angel, but it doesn't pay well  
Baby, that's okay  
La-la-la-la-la
