

Status Symbol

Adrenalin O.D.

Don't care about your diamond ring,
Don't care about your mercedes-benz
Don't care about your fur coat,
Don't care about your big mansion
I don't care how you spend your cash,
One of these days you'll wind up last
Status symbols, you got more to lose
You got more to lose, you 'll wind up last,
I can't wait for the stock market crash
Take your status symbols, stick em up your ass,
Hope you go broke, then I'll laugh
Take your status symbols, fill it up with gas,
Stick it up your nose, blow it out your ass
I don't care how you spend your cash,
One of these days you 'll wind up last
Status symbols, you got more to lose
You're status symbols, we know you're rich,
We don't care, DON'T GIVE A SHIT!
