

# Hit the Wall

Adrenaline Mob

Heavy is my heart but it's alright  
We all know you're never wrong  
It's always the same and I'm so tired  
Living the life for too long

Tired, frustrated  
This life is overrated  
I think I'm hitting the wall  
Tired, can't take it  
Full speed, I think I'll make it  
I think I'm hitting the wall

Line after line, it just drags on  
Why can't you leave it alone?  
Blistering tongues, blood in my ears  
Drowning in your sticks and stones

Tired, frustrated  
This life is overrated  
I think I'm hitting the wall  
Tired, can't take it  
Full speed, I think I'll make it  
I think I'm hitting the wall

I see the river running red  
Inside my head through bloodshot eyes  
And comes the thunder  
Running through the metal madness

Tired, frustrated  
This life is overrated  
I think I'm hitting the wall  
Tired, can't take it  
Full speed, I think I'll make it  
I think I'm hitting the wall

I'm looking down upon his wreck of a life  
The voice of angels whispered, "leave it all behind"  
I'm stepping through the door  
No going back  
Can't take it anymore  
Memories fade into black  
Memories fade to black  
Fade to black
