

## Birds

Adrian Belew

Birds, birds everywhere I see  
I wanna live like they do  
I wanna be in their trees,  
So heavenly

Bird, birds everywhere I go  
I wanna know what they know  
I wanna live in harmony,  
So simply

Dear God, I know sometime I'm gonna die  
And when I do I hope you'll give me one more try  
Up in the sky with those

Birds, birds everywhere I turn  
Looking down there's no boundaries  
Looking down there's no countries,  
No misery

Dear God, I know sometime I'm gonna die  
And when I do I hope you'll give me one more try  
Up in the sky with those

Birds, birds everywhere I see  
I wanna live like they do  
I wanna be in their trees,  
So free
