

Six String

Adrian Belew

I saw you the very first time
Built so pretty
You looked just right
It was love at first sight
I looked real close
I touched your arm
My heart went off like a fire alarm
I was amplified
Something happens
When I hold you in my hands
I'm a different man
Something happens
And I lose all sense of time
I can almost fly
Everytime I go to pick you up
I feel a little spark in my fingertips
I'm electrified
The magic touch
You feel so good
The way you respond to everything I do
I'm magnetized
Something happens
When I hold you in my hands
I'm a different man
Something happens
And I lose all sense of time
I can almost fly
I love your back, I love your head
But I love it best
When I run
My fingers down your neck
