

Sex Without Love

Adriano Celentano

I don't mean to share with you my life
I don't care about your love
I'm not dreaming of you in the night
And I don't want you around my home
You can't break my heart of stone.

Sex without love
I want your body don't need your soul
Sex without love
Body without soul

I don't need no love
And my heart can beat alone

You can please me when the heat is on
But when I'm done leave me alone
Cause I don't need you when the thrill is gone
And I don't want you around my home
You can't break my heart of stone.

Sex without love
I want your body don't need your soul
Sex without love
Body without soul

I don't need no love
And my heart can beat alone
Love can hurt so bad
Love could even drive me mad
So gimme sex without love

I don't mean to share with you my life
I don't care about your love
Any one could help me through the night
So don't come knocking at my door
Cause you won't break my heart of stone.
