

# I Don't Know

Adrienne Pierce

I don't know where we went wrong, no it's become a blur  
Can't say that I don't love you though it would make things easier

I don't know why but it seems I've failed another test  
I can't even say for sure that I have done my best  
I have done my best

I don't know where I'm going  
I don't know why I left  
I feel displaced and erased  
I feel lonely and bereft  
I don't know why I am going  
I don't know anything  
I don't know  
No, I don't know

We put men up into space, satellites in the sky  
But we still don't really know what happens when we die  
Maybe I will find somebody light and feel less incomplete  
Maybe I will bloom when I push up through this concrete

I don't know where I'm going  
I don't know why I left  
I feel displaced and erased  
I feel lonely and bereft  
I don't know why I'm going  
I don't know anything  
I don't know  
No, no I don't know

All these things that I do  
They are meaningless without you  
Without you, without you, without you

I don't know where I'm going  
I don't know why I left  
I feel displaced and erased  
I feel lonely and bereft  
I don't know why I'm going  
I don't know anything  
I don't know, no, no I don't know  
I don't know, no, no I don't know  
I don't know, no, I don't know
