ADULT.

You're your own special brand  
Yes, there's safety in your herd, but what if it's mad?  
A mad mad mad mad man might say...  
"Just follow me down, down to doomsday  
We'll walk in the grass and swim in the lake  
and then it'll be time to test your faith."

He's a very bad man and what do you do?  
You follow him around like he's wearing gold shoes  
Blind, blind, blind just leading the blind  
Gonna get in line for recruiting time  
Rope you up, throw out your mind  
It doesn't hurt, it's just divine
