

## SIGN OF THE TIME

ADX

On sole faraway Scottish road  
Strangeness is hanging over  
An old coach man drives his load  
Under threatening thunder  
His passenger's noone but the baron  
With a mysterious past  
His name is famous across the region  
He will be the last

Noone's ever laid him to  
Rest for eternity

Sign of the time  
Return and forgiveness  
Sign of the time  
Too many facts, too many lies

His castle's become the prison  
Of wonderfus creatures  
He honours them beyond reason  
Regardless of these tortures  
Cause this new worlds isn't that brave  
The man holds them responsible  
For violating his own grave  
And Thus showing their mettle

On some faraway Scottish road  
Strangeness is hanging over

Down in the plains where he once abode  
This rage is growing stronger
