

# Blessed By The Priest

Aeon

Time for confession

Come here my child sit by my side and receive what I have for you

Don't disobey

The priest or the nuns do as you are told that's how they have raised you

Raped a countless times

By a priest that preach glory to life

Afraid to speak

This is a man they have told you to trust and do what he wants you too

Violated

To young too know his doings are wrong can't separate right from wrong

Hate them all banish gods lambs from this world

Destroy their church burn them all down

Behind closed doors someone is blessed by a priest

Orally

Sodomy

Blessed by a priest
