

# Suffer The Soul

Aeon

Weak spineless bastard  
God among the weak  
You are far from who you claim to be

I know your game and I know how to play it too  
No reason to fight I am stronger I am faster  
I am wiser superior to you  
I know your game and I know how to win it too  
Now you are mine for the rest of your life  
and beyond I will suffer your soul

You played with fire  
Hells energy  
I am that fire, Hells energy

I know your game and I know how to play it too  
No reason to fight I am stronger I am faster  
I am wiser superior to you  
I know your game and I know how to win it too  
Now you are mine for the rest of your life  
and beyond I will suffer your soul

Suffer the soul.

Trapped in here for eternity  
Your soul belongs to me  
Trapped in here for eternity  
Always here with me

Suffer the soul, suffer the soul  
Suffer the soul, suffer the soul

Weak spineless bastard  
God among the weak  
You are far from who you claim to be

I know your game and I know how to play it too  
No reason to fight I am stronger I am faster  
I am wiser superior to you  
I know your game and I know how to win it too  
Now you are mine for the rest of your life  
and beyond I will suffer your soul
