

Yes

Aereogramme

It's shit now you're only one hour away
Not that that matters when I
Couldn't stay
Yes sir, we were almost in line
Blinded I was
Yet I took my time

It's beautiful
And it's beautiful

Your hair is on fire
Your lips are unscathed
These people are nothing
And I've got to moan

It's shit now you're only one hour away
